Life and career. He was born in London; his father was the Spanish journalist Felipe Fernández Armesto and his mother was Betty Millan de Fernandez-Armesto, a British-born journalist and co-founder and editor of The Diplomatist, the in-house journal of the diplomatic corps in London. Felipe Fernandez-Armesto joined the history department at the University of Notre Dame in 2009, after occupying chairs at Tufts University and at Queen Mary College, University of London.

### Felipe Fernández-Armesto - Wikipedia

Prentice Hall is proud to offer The World: A Brief History—the new brief version of The World: A History adapted by author Felipe Fernández-Armesto himself. The use of The World: A Brief History offers added flexibility in teaching World History, allowing instructors to supplement the text with additional readers or other material of their choice. And because the brief text was written by Fernández-Armesto himself, it continues to offer the holistic, narrative approach to history that ...

### Fernandez-Armesto, World, The: A History, Volume B, 2nd ...

We've had this stunningly divergent history that no other species remotely approaches. The key story of our past told in The Oxford Illustrated History of the World is in great part—although there are other stories woven into it—this story of divergence. It's the story of how humans have parted, have formed different societies and become unlike each other and have developed peculiar traditions and cultures in different places and at different times.

### The Best Books on Global History | Five Books Expert ...

The World interweaves two stories—of our interactions with nature and with each other. The environment-centered story is about humans distancing themselves from the rest of nature and searching for a relationship that strikes a balance between constructive and destructive exploitation. The culture-centered story is of how human cultures have become mutually influential and yet mutually ...

### The World: A History - Felipe Fernández-Armesto - Google Books

Despite some novel approaches and provocative statements, The World: A Brief History remains conventional enough in its organization and treatment of the major topics of world history to serve as a college level textbook. While trying to survey the globe in each section Fernandez-Armesto recognizes that some societies need to be given greater treatment because they have had a greater impact on shaping global history.

### World History Connected | Vol. 5 No. 3 | Book Review

The Fernandez-Armesto volume is a textbook designed to guide students in the general narrative of World History that we will be tracing this semester. The other four books are monographs that deal with various parts of the world and various processes of World History in the past 1000 years. Together, these works will

### World History

Instead of providing a linear timeline of food history, Felipe Fernandez-Armesto does soemthing a little different: He writes about the severall food "revolutions". From the use of heat, to the idea of haute cuisine, Fernandez-Armesto explores how these revolutions affected teh various cultures throughout the world.

### Food: A History book by Felipe Fernández-Armesto

Professor Fernández-Armesto's book attempts to be a number of things, primarily a popular treatment of the comparative history of the American supercontinent. It seeks to poke holes in certain old sentiments of "Americanness," but comes off as smug and elitist in a number of ways, while remaining sadly far behind contemporary scholarship.

### The Americas: A Hemispheric History by Felipe Fernández ...

Perhaps the most interesting recent use of comparative history on a global scale is Felipe Fernandez-Armesto's book Civilizations, 5 In it he organizes the world's civilizations by environment rather than chronology. He defines civilization as any group of people who have transformed their environment, so almost no one is left out of the "civilization" category.
