San Rafael, CA, Insight Editions, February 2015, hardcover \$45.00 (168 pages). DreamWorks Animation's Home (released March 27, 2015, after being postponed from November 26, 2014) was widely expected to be another of DreamWorks' recent box-office duds, so its surprise success must be a pleasant relief. And one that makes this coffee-table art book even more of a must-have for animation scholars than usual.

Book Review: The Art of Home | Animation World Network

Product Information. 3-D computer animation is the most revolutionary development in feature films since the introduction of colour. In recent years, a string of movies-from Pixar/Disney's Toy Story to Dreamworks's Shrek-have advanced the art of computer animation, so that today it is possible to create photorealistic worlds from scratch.
