Says: Marauder 800 (Rating 8.5/10) Neither the most refined of its class, nor the best finished, the Marauder 800 remains an interesting buy just the same. Although Honda's A.C.E. 750 is now less expensive and represents the category's best value, the Suzuki's price remains more than reasonable.

The 800 is a great place to start but you will eventually go up to the 1400 or 1500. The 1500 has a lot of extra weight on it so ppl may feel like it does not rip as much but the 1400 is a smaller design like the 800 with 600 more cc's.

The 17 MC is a GREAT machine. If the 18's continue to live through this season, I will be looking for an Alpha next season. I prefer not to be a beta tester for any manufacturer anymore. I did it with Polaris and got burned.
